SUMMARY

Performance-driven executor with a strong academic understanding of economics, data analytics, econometrics, statistics, and data programming with previous work experience. Able to perform essential analytical procedures relating to authentic business operations with a creative problem-solving intellect. Skills stem from real-world experiences and ranges across a variety of applications including economic analysis, data engineering, supply chain, and more.

WORK EXPERIENCE

Anheuser-Busch **Williamsburg, Virginia**

Supply Co-Op, Environmental & Safety Department; *GMT Finalist* June 2025 – Present

- Engineered a self-service safety training dashboard, enhancing employee access to critical training data by integrating Workday reports into PowerApps through PowerFX, Excel VBA mastery
- Returned 100% data accuracy, reduced time to access by >80%; delivered scalable, intuitive solutions
- Authored and implemented detailed SOPs for safety training TORs, standardizing retraining procedures across departments; reinforced autonomous teams operations through clear, actionable documentation
- Optimized equipment costs through procurement by partnering with vendors and internal stakeholders, eliminated functional redundancies in 150+ line PPE task matrix, and restructured content for increased navigational ease

Wilson Language Training **Oxford, Massachusetts**

Procurement and Distribution Specialist May 2022 – August 2024

- Partnered with company representatives and industry professionals to produce and distribute broad spectrum and focused literacy kits internationally with the goal of improving literacy rates
- Drove change management and process improvements across the Material Distribution Center by coordinating the implementation of WMS, the first enterprise-wide cloud-based warehouse management ERP system
- Contributed to achieving annual growth targets 12% above annual forecast in both revenue and gross margin by cross-training in multiple departments to bolster functional efficiencies for the organization
- Independently secured, executed, and fulfilled on sales accounts driving weekly revenue records

RELEVANT EXPERIENCE

Tribe Hockey – University Men's Club Ice Hockey Team **Williamsburg, Virginia**

Captain, President & General Manager December 2023 – Present

- Structured and maintained a balanced budget of $50,000+ based on forecasted revenues and expenses
- Budgeted vehicle rentals, hotel reservations, meals, photo/video media for travel along Eastern Seaboard
- Established team-specific trust of $100,000+ by presenting organizational benefits and ROI to donors

William & Mary Interfraternity Council **Williamsburg, Virginia**

Vice President of Community Service and Philanthropy December 2023 – December 2024

- Increased FSL event participation 7% events through implementation of new volunteer tracking software
- Integrated FSL community existing service and philanthropy databases for improved recordkeeping
- Served as a liaison between College and local organizations; planned several large-scale service events
